

# Hosebun® Hose Hangers

World leading polyurethane saddle designed to suspend hoses and prevent damage.

Hosebun is a patented polyurethane hose saddle designed to properly suspend an industrial hose, keeping it out of harms way and making it easier to perform its intended operation.

## BENEFITS OF HOSE BUNS

- > Guarantees continued delivery or suction of material conveyed in the hose
- > Polyurethane construction is hard wearing and tough, offering excellent longevity
- > Unlike metal hose hangers, Hosebun's polyurethane saddle lessons impact damage when coming into contact with painted surfaces
- > Available in a larger range of sizes to support hoses in various sizes from 25 mm through to 100 mm external diameter
- > Can be used with an automatic hose retriever
- > UV resistant nylon sling for use in external conditions and harsh weather environment
- > Easy to use and set up
- > Increases the life span of the hose

## DESIGNATED USES

Suited to various industrial and commercial applications including:

- > Petrochemical
- > Oil and gas drilling applications
- > Hi-hose refuelling stations (Self Bunded Tanks)
- > Military & aircraft refuelling depots
- > Overland/offshore shipping & transportation settings

## HOSE BUN MODELS/SIZES

Model	To fit Hose OD mm (inch)	Part Number
Hosebun 100	25 (1)	LVHB100EB
Hosebun 125	31 (1-1/4)	LVHB125EB
Hosebun 150	38 (1-1/2)	LVHB150EB
Hosebun 200	50 (2)	LVHB200EB
Hosebun 300	76 (3)	LVHB300D
Hosebun 400	102 (4)	LVHB400D
