Road Tanker Equipment & Parts

Buy and have installed Liquip's internationally renowned parts on your fleet

If you're in the need for Road Tanker Equipment and Parts such as meters and pumps, along with monitoring, measuring and safety systems, then you need to look no further than the expertise of Liquip Victoria.

As an authorised distributor of Liquip International's extensive range of Road Tanker Parts, and as an approved service installer, you cannot only buy through us but also have us assist in the design, customisation building, repair and maintenance of a fuel transfer and bulk tanker system.

We also have on site at our Victorian service centre a wide range of the most well-known Liquip fuel transfer parts and accessories that can be accessed for quick supply or use in urgent repairs.

WHY CHOOSE LIQUIP ROAD TANKER PARTS?

Liquip's range of Road Tanker loading, discharge and venting equipment parts, is arguably the most extensive product line up available in the world from one manufacturer. All Liquip components are manufactured to comply with strict international codes and standards, and are tailored to suit local requirements here in Australia. These functionally designed, easy to use products have become a trusted name in providing quality and reliability at a world class standard. Through attention to detail and working closely with end users, Liquip are constantly making improvements in safety and efficiency when it come their range of Road Tanker Equipment Parts.

Mechanical Road Tanker Equipment
– Bottom Load & Vapour Recovery Equipment

Electrical Road Tanker Equipment
– Fluid Monitoring, Safety & Measurement Devices

BACKED BY LIQUIP

For many years we've been delivering cost-effective, specialist petrochemical dispensing and storage systems for the bulk liquid transport industry. Backed by Liquip Equipment Parts, we use and have access to some of the world's best fuel transfer, storage and monitoring systems available.

**ROAD TANKER
TOP LOADING PARTS**

From drop tested Manhole Covers, Emergency Inspection Hatches and Vapour Recovery Vents to Dip Fittings and Fill Tubes we can cater to almost every Road Tanker Top Part request, as well as fit it to meet the required industry safety standard.

**ROAD TANKER
OVERFILL SYSTEMS**

Whether it is a simple Truck Plug, Overfill Probe, Metering Monitor or Overfill System Tester, you can trust the quality and innovation in the design and components used to construct Liquip's range of Road Tanker Overfill Systems products. This range of highly valued and reliable products are available in a range of different configurations to suit almost every different Road Tanker design.

**ROAD TANKER
METERS, GAUGES AND
DISPENSING PRODUCTS**

Liquip has developed an extensive range of internationally certified and approved electronic fluid monitoring metres, gauges and dispensing products. All these products have been developed, improved and manufactured across many generations and been utilised on thousands of Road Tankers and Liquid Transfer Trucks worldwide.

Liquip's state of the art Diptronic level measuring device has commercially and technically proven to be the most effective solution for monitoring fluid levels in mobile and static tanks. With weights and measures approval here in Australia, these devices have revolutionised the way liquids are measured the world over.

**ROAD TANKER
BOTTOM LOADING PRODUCTS**

Liquip offers a quality and extensive range of Bottom Loading Road Tanker parts and accessories to assist with the fit-out and customisation of any bulk liquid Tanker Truck. These include a complete range of:

- ▶ API Couplings, Adaptors and Accessories
- ▶ Static Reels Manifolds
- ▶ Pneumatic Control Boxes and
- ▶ Vapour Adaptors Couplers, plus more.

ROAD TANKER ACCESSORIES

We also carry and stock a large range of Liquip Road Tanker associated parts and products including: Outlet Adaptors, Butterfly Valves, Camlocks, Hoses and Hose Reels, Filters and Sight-glasses that can be purchased for your own purposes or used as part of our customised Road Tanker fit-outs and or repairs.
