## HOST Refueling Self Bunded Tank Trailers

Improving your ability to refuel equipment and machinery on site, aiding productivity.

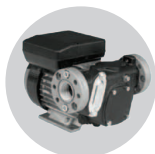

The HOST range of self bunded Refueling Trailers provide efficient and economical means of fuel delivery and are the perfect solution for keeping equipment and machinery fuelled and running. ADR and AS approved, they are able to be registered in any Australian state or territory and supply fuel where ever you need it fast. There are 3 tank sizes available, all are configured to safely store and dispense **diesel**:

▶ 1000 L      ▶ 1500 L      ▶ 2200 L

A quick walk around the trailer reveals the intelligent design and functionality. Features include:

- An expansive rear pump bund area provides a platform to install a variety of pumping solutions
- Toyota Landcruiser sized wheels and tyres
- Electric brakes
- Hot dip galvanised chassis
- Wiring protected in cable sheaths
- Waterproof electrical boxes

These make these trailers leaders in transportable fuel options and sturdy enough to be towed and utilised anywhere.

**HOST Refueling Self Bunded Tank Trailers – features and pumping options**
