Liquip Victoria Aviation Refuelling Trailer

Ground to sky aviation refuelling

Designed, Engineered and Built in our Victorian facility, our aviation refuelling trailer is designed to safely store, transport and transfer aviation fuel. Weighing less than 4,500kg when fully loaded, the trailer is incredibly easy to handle, making it a versatile solution for your demanding aviation refuelling needs. This trailer is ADR approved in all Australian States and Territories and meets compliance code AS2809 1 & 2, Class 3 Dangerous Goods.

- ▶ 3,400L Fuel Capacity
- ▶ AS2809, JIG4, VSB1 Compliant
- ▶ Lightweight all-aluminium tank construction
- ▶ Rugged off-road trailer design
- ▶ Enclosed dispensing cabinet complete with hose reel and filtration
- ▶ Powered by an efficient diesel pump, the trailer is a stand alone, self contained unit
- ▶ Perfect for firefighting, remote airports, and backup refuelling
- ▶ Suitable for Jet-A1 & AVGAS Fuels
- ▶ Customised packages available
